Long time ago, there was a plant delicate and fragile. Its roots thrust lightly into the earth's heart and its leaves softly hung loose.

That tree blooms open clusters of gentle flowers.
Acacia
Its floral scent is sweet like the flint of hope in happiness
Acacia

THE ANCIENT AND PROSPEROUS EGYPT WITH ITS GREAT CIVILIZATION
THE GLORIOUS AND POWERFUL EGYPT ARMY
DOMINATED THE WHOLE AREA OF MIDDLE EAST AND ITS SURROUNDING

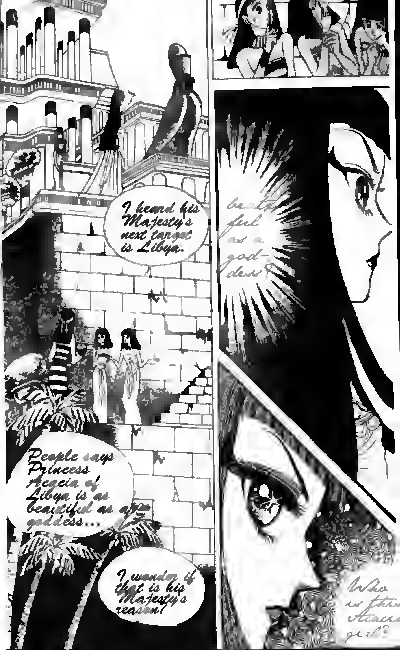
At the neighboring Litaya, there lives lovely and gracious Princess Acacia adorned in precious silk and banished with love.

Welcome back his highness!
Wonderful!
Lamee has once again won his victory.
I am proud of my future husband.
He is truely the son of Ra the Sun God.
Look at all of the war booties he brought back

Thousands of slaves
and the ample of silvers gold and precious stones
All of these treasures will belong to me
No country can raise against us Ha ha ha
And no one can be compared against you your highness Fara

HA HA HA HA HA!!!
Our wedding waiting period has almost end. The wedding ceremony will be by the end of autumn.
When that time comes, I will reward you generously.
Then your highness will becomes the most beautiful and powerful Queen.

His Majesty has come to the holy temple.
Let us go!



I heard his Majesty's next target is Libya.
People says Princess Aegeia of Libya is as beautiful as a goddess...
I wonder if that is his Majesty's reason!
beautiful as a goddess
Who is Princess Aegeia of Libya?

Libya
Acacia!
Princess Acacia!
I am here!
This is the letter that was sent to you from Hittite.
Let me see it!

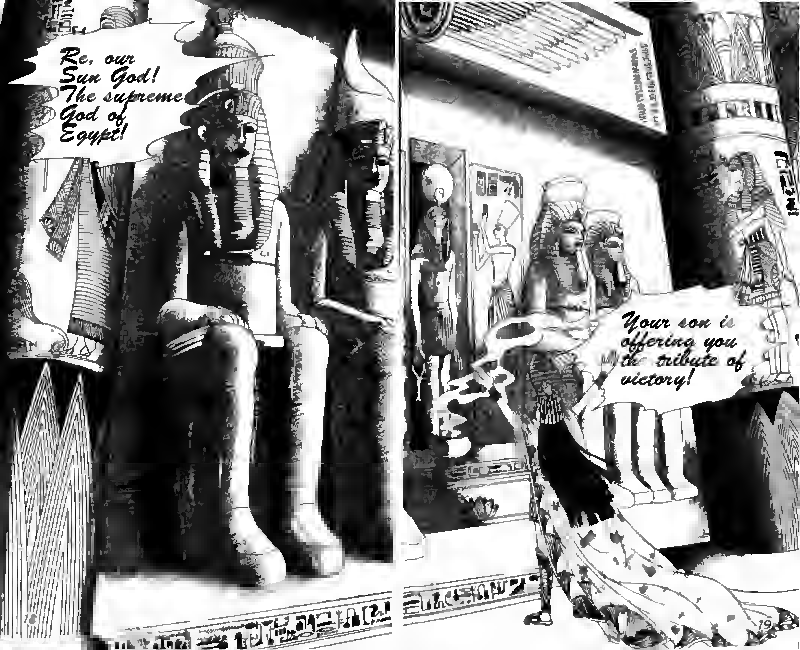
It's Prince Lee Eun's handwriting
It seems like the wedding day is set
Oh, my Lee Eun!

I guess I finally found what I was looking for at the garden. I realized one truth.
That is,
my destiny is in my own hands.
I'm determined.

"I always suspected behind all his gallantry..."
But the most enchanting flower on this Earth is my Lyca.
And I forgot the true nature of this marriage is to form a political alliance against Ecclesia.
I only thought about the happiness of being by your side.

Congratulations to you, Acacia.
You are about to become daughter-in-law of Hittite.
Spanning new, the alliance between Hittite and Libya is officially established.
We are no longer alone going against Egypt.
We thanks you, our friends.
You, Princess, are the goddess who brings forth peace and happiness to our country.
I hear for your happiness, my daughter.

Accept my heart as princess Ul...
Lee Eun! O... happiness will comes twofortk when...
our marriage brings peace and happiness to both countries citizens.



Re, our Sun God! The supreme God of Egypt!
Your son is offering you the tribute of victory!

Lance, congratulations on your victory.
Fera...

Here is my gift to you.
It's beautiful!
This was Queen Karia's most precious treasure...
Now it belongs to you.

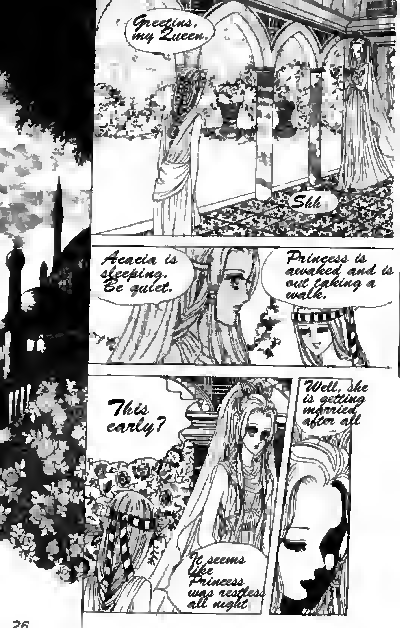
There is a special present I want to give to you on our wedding day.
It is the most beautiful jewelry of Princess Tanis.
Again they flirt...
Rumour says she is very beautiful ....
...but how can she even be compare to you, my Fera!
And Libya will be destroyed.
Yes, I don't believe their submissive outside appearance.
It's only because the soldiers were exhausted that I had to turn back.
27

I already heard about their princess' marriage...
...was to form an alliance against us.
And no way would they know that my return back to Egypt was not for resting, but to give them a surprise!

Because I will raze to the ground the rebellious Libya.
The Libians will be servants for our wedding!
Lamec! You are my victorious warrior.

My soldiers! We're heading out!

Tomorrow's dawn, we will conquer Libya!



Greetings, my Queen.
Shh.
Acacia is sleeping. Be quiet.
Princess is awaked and is out taking a walk.
This early?
Well, she is getting married after all
It seems like Princess was restless all night

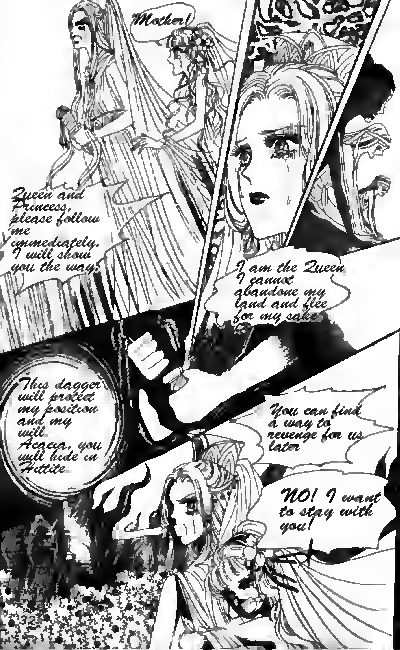
Arenzia! You look beautiful today.
Mother!
It's cold and misty in the morning so you shouldn't come out here early.
My little daughter!
It's because I can only observe our misty morning for a few more days.

You will definitely find happiness in Libya.
I am afraid, mother.
People are depending on me. They put all their hopes and faith in me.
Hagar! This mother doesn't really want to be apart from you.
But I am still immature, mother.
But I for sake of people of Lecia!

Queen of Flowers!
Please safeguard
our country and
protect our little
princess, Acacia.

No matter how much I grill be happy, I will still be missing you, my father and mother.
We will bury our sorrow in missing our child for the moment, but soon we must live!
What is the ruckus outside?
Emergency! We're in big danger!

Queen and Princess, please flee now.
The Egypt army has already expanded forward into our territory.
Egypt?
Where is the King?
He, himself, has already commanding our army in the battlefield.



Mother!
Queen and Princess, please follow me immediately. I will show you the way.
I am the Queen. I cannot abandone my land and flee for my sake.
This dagger will protect my position and my will. Rebecca, you will hide in Pottie.
You can find a way to revenge for us later.
NO! I want to stay with you!

The Libyan King has died! Egypt has won!
Arrest the Queen and the Princess!
Mother!
There's the Queen!
!!!
Ancesenpaaten-amun! Don't worry about me...
Your majesty! I am coming with you!

Forward!!!
Mother...!

Ha Ha Ha
Princess Acacia of Libya is here...!

You vicious invader!

This..!
This is Acacia?
I never expected her to be this beautiful...

BANG!
Calm down, Lee Eun.
Tsk.
Father! They trampled down Libya and even took my dear Acacia. How am I supposed to be calm?
The damned army.
But Egypt is very strong.
If we impulsively go against them...
It's like hitting a stone with an egg.

How can you be so indifferent?
Acacia is imprisoned.
Father, if you won't save her, then I will.
See Eun...
Libya is like this because they formed an alliance with us. But you...
I understand your feeling right now. I too, am in mourning for the Libyan King's death.
But I can't recklessly declare war with Egypt at this moment. We don't have enough force and it is not the right time.
I will go to Egypt to rescue Acacia beforehand.
Then I will call upon the Libyans to revolt and take back their country.

I will rescue Acacia.
This will guarantee your death.
Everybody has to die once, dear Father.
What utter nonsense are you talking about!
But you're only 17. And what about this kingdom? Who will look after it?
If anything happens to me, my 2 younger brothers can take over
You love Acacia more than your kingdom? This marriage is only a political alliance!
